

Department of Plant, Soil Science & Agriculture Systems

College of Agricultural Sciences – Bachelor of Science Degree

Agricultural Systems Technology Management

Sample Program

Other Course Offerings May Meet University Departmental Requirements

<i>University Core Curriculum Requirements</i>	41
<i>Requirements for Agricultural Systems Technology Management Specialization</i>	40-41
• Agricultural Core Classes	22-23
o Agribusiness Economics 204	3
o Agricultural Systems and Education 118, 190, 361, 375, 497	16
o Plant and Soil Science 200 or Animal Science 121, 122	3-4
o Select 18 hours from the following courses:	
o Agricultural Systems and Education 363, 372, 374, 402B, 461, 472, 473, 476, 483, 488, 489	18
<i>Electives</i>	39-40
<i>Total</i>	120

Third Year																																																																																		
<i>Fall Semester</i>		Hours																																																																																
AGSE 375	Intro to Ag Systems	3																																																																																
AGSE 372	Agricultural Machinery Sys Management	3																																																																																
AGSE 363	Agricultural Electrical and Electronic Sys	3																																																																																
AGSE 314	Agricultural Information Programs	3																																																																																
	Select AGSE or Ag Elective	3																																																																																
	Total	12-13																																																																																
<i>Spring Semester</i>		Hours																																																																																
AGSE 384	Agricultural Construction Processes	3																																																																																
AGSE 374	Applied Graphics	2																																																																																
AGSE 361	Introduction to Control Programming	3																																																																																
	Select (AGSE Systems)	3																																																																																
	Select AGSE or Ag Elective	6																																																																																
	Total	17																																																																																
Fourth Year																																																																																		
<i>Fall Semester</i>		Hours																																																																																
AGSE 483	Agricultural Processing Systems	3																																																																																
AGSE 461	Programming for Agricultural Systems	3																																																																																
	Select (Ag or Other)	9																																																																																
	Total	15																																																																																
<i>Spring Semester</i>		Hours																																																																																
AGSE 473	Agricultural Automation	3																																																																																
AGSE 497	Agricultural Operations Management	2																																																																																
	Select 400 (AGSE Systems)	6																																																																																
	Select (Ag or Other)	4																																																																																
	Total	15
